Policy Statement

Access, Equity and Client Service

Fit Education applies access and equity principles and provides timely and appropriate information, advice and support services and assisting clients to identify and achieve their desired outcomes. Fit Education meets the needs of individuals through the fair allocation of resources and the right to equality of opportunity without discrimination.

For example:

- Where provision of a course is not financially viable for Fit Education to provide for a client with a disability (such as installing an elevator in a building to allow a client to attend the course, purchasing resources specifically in braille for a single student), Fit Education will refer the client to a more suitable provider.
- Where, the client has applied for a course that is detrimental to their or the public's safety due to their disability (a client who applies for a nursing qualification who is legally blind for example), Fit Education will not accept their enrolment and outline in writing the reasons why. If it is appropriate, Fit Education may refer the client to another provider.
- Where the client has applied for enrolment but would not be able to meet the licensing or registration requirements of an external licensing or registration body, Fit Education may, at its sole discretion, accept the enrolment, however, it will always ensure that these requirements have been made explicitly clear in all pre-enrolment materials and the client's course agreement.
- Fit Education firmly believes that this approach to access and equity is not prohibitive or discriminatory but rather gives every client every opportunity to achieve success in their learning program and graduate outcomes.

Fit Education prohibits discrimination (direct or indirect) towards any group or individuals in any form, inclusive of, but not limited to:

- Gender
- Pregnancy
- Race
- Colour
- Nationality
- Ethnic or ethno-religious background
- Marital status
- Sexual preference and
- Age.
